

June 09, 2026

Parents,

Please see the learning recommendations below from some of the faculty at Aguila Elementary. Many times the summer is when students could continue to engage in learning activities and continue moving forward in their emotional and intellectual growth, however many times students end up moving backward during the summer months. Then, in August the teachers are working to get them back on track and where they were when school was released in May. Please have your child spend 15-30 minutes every day working through the programs below. It will benefit them in the long-term. Have a great summer!

Warmest Regards,

Dr. Wannemacher

Internet Safety

School is out for summer, and this means kids will be spending more time on phones, tablets, game consoles, and computers. With kids tethered to electronics comes a big risk: online sexual predators luring kids into sexual activity. **In an effort to help parents** keep the threat of online predators away, the Maricopa County Attorney's Office has rolled out a new set of tools called [Report Don't Repost: Cyber Predators, Real Risks.](#)

Kinder/Mrs. Atilano's Recommendation:

ABC Mouse <https://www.abcmouse.com/abc/>

A free thirty day trial of reading, math, music and art skills K-2 level

Math Play Ground https://www.mathplayground.com/kindergarten_games.html

free math games aligned with standards for K-2

Parents may need to scroll down to find the games. Parents already have log-ins for **Reading Eggs** and **Mathseeds**

1st Grade/Mrs. Hansen's Recommendation:

Xtramath <https://home.xtramath.org> This program allows for quick 10 minute math facts practice (addition, subtraction, multiplication, division)

Khan Academy <https://www.khanacademy.org/> This site learning lessons (videos) and practice for many subjects (reading, math, science, social studies, and test prep).

2nd /Mrs. Gonzalez's Recommendation:

Reading

Epic! (Free with limited access during the summer)

Website: <https://www.getepic.com>

- **Free Version:** Up to 2 hours per week for families
- **Why It's Great:** Offers thousands of leveled books, audiobooks, and educational videos

Math

Cool Math 4 Kids

Website: <https://www.coolmath4kids.com>

- **What It Is:** Interactive games, quizzes, and lessons on basic math concepts
- **Why It's Great:** Makes learning math fun and engaging through play

3rd /Mrs. Villanueva's Recommendation:

[PBSKIDS.ORG](https://www.pbskids.org) Reading, Math and Science activities.

[KIDZTYPE.COM](https://www.kidztype.com) KIDZTYPE has students practice their typing skills.

<https://www.khanacademy.org/lohp/learner> Khan Academy is a free online learning platform that offers high-quality lessons and practice exercises in subjects like math, science, and history.

4th /Mrs. Ventic's Recommendation:

[Quizizz](https://www.quizizz.com) Students can use Quizizz and play games for all core subject areas. It tests skill and knowledge in a fun way.

<https://www.khanacademy.org/lohp/learner> Khan Academy is a free online learning platform that offers high-quality lessons and practice exercises in subjects like math, science, and history.

5th /Mr. Dechosa's Recommendation:

[Quizizz](https://www.quizizz.com) Students can use Quizizz and play games for all core subject areas. It tests skill and knowledge in a fun way.

<https://www.khanacademy.org/lohp/learner> Khan Academy is a free online learning platform that offers high-quality lessons and practice exercises in subjects like math, science, and history.

6th /Mrs. Greenwood's Recommendation:

[Quizizz](https://www.quizizz.com) Students can use Quizizz and play games for all core subject areas. It tests skill and knowledge in a fun way.

7th and 8th Language Arts/Mr. Gonzalo's Recommendations:

7th Grade

<https://www.readworks.org/reading-comprehension-passages-and-question-sets>

8th Grade

<https://www.readworks.org/find-content#!q:Summer%20of%20the%20Mariposas/>

Middle School Math & Science /Mr. Joseph's Recommendation:

Khan Academy <https://www.khanacademy.org/> This site learning lessons (videos) and practice for many subjects (reading, math, science, social studies, and test prep).

Special Education/ Mrs. Tubiano's Recommendation:

Youtube channel on phonics and basic math
