

09 de junio del 2026

Padres,

Por favor presten atención a las recomendaciones de aprendizaje proporcionadas por algunos profesores de la escuela. Durante el verano, los estudiantes pueden continuar participando en actividades de aprendizaje y pueden progresar en su desarrollo emocional e intelectual; sin embargo, al no hacer esto, muchas veces terminan retrocediendo durante los meses de verano. En agosto, los profesores trabajan para que vuelvan al ritmo en que estaban al finalizar la escuela en mayo. Por favor, aconseje a su hijo/a que dedique de 15 a 30 minutos diarios a los programas a continuación. Esto le beneficiará a largo plazo. ¡Que tengan un excelente verano!

Atentamente,

Dr. Wannemacher

### **Seguridad en Internet**

Las clases han terminado por el verano, lo que significa que los niños pasarán más tiempo con teléfonos, tabletas, consolas de videojuegos y computadoras. Con los niños atados a los dispositivos electrónicos, existe un gran riesgo: depredadores sexuales en línea que los atraen a actividades sexuales. Para ayudar a los padres a mantener alejada la amenaza de los depredadores en línea, la Fiscalía del Condado de Maricopa ha implementado un nuevo conjunto de herramientas llamado [\*Report Don't Repost: Cyber Predators, Real Risks.\*](#)

### **Kinder/Mrs. Atilano's Recommendation:**

**ABC Mouse** <https://www.abcmouse.com/abc/>

A free thirty day trial of reading, math, music and art skills K-2 level

**Math Play Ground** [https://www.mathplayground.com/kindergarten\\_games.html](https://www.mathplayground.com/kindergarten_games.html)

free math games aligned with standards for K-2

Parents may need to scroll down to find the games. Parents already have log-ins for **Reading Eggs** and **Mathseeds**

### **1<sup>st</sup> Grade/Mrs. Hansen's Recommendation:**

Xtramath <https://home.xtramath.org> This program allows for quick 10 minute math facts practice (addition, subtraction, multiplication, division)

Khan Academy <https://www.khanacademy.org/> This site learning lessons (videos) and practice for many subjects (reading, math, science, social studies, and test prep).

### **2<sup>nd</sup> /Mrs. Gonzalez's Recommendation:**

#### **Reading**

**Epic!** (Free with limited access during the summer)

Website: <https://www.getepic.com>

- **Free Version:** Up to 2 hours per week for families
- **Why It's Great:** Offers thousands of leveled books, audiobooks, and educational videos

#### **Math**

##### **Cool Math 4 Kids**

Website: <https://www.coolmath4kids.com>

- **What It Is:** Interactive games, quizzes, and lessons on basic math concepts
- **Why It's Great:** Makes learning math fun and engaging through play

### **3<sup>rd</sup> /Mrs. Villanueva's Recommendation:**

[PBSKIDS.ORG](https://www.pbskids.org) Reading, Math and Science activities.

[KIDZTYPE.COM](https://www.kidztype.com) KIDZTYPE has students practice their typing skills.

<https://www.khanacademy.org/lohp/learner> Khan Academy is a free online learning platform that offers high-quality lessons and practice exercises in subjects like math, science, and history.

### **4<sup>th</sup> /Mrs. Ventic's Recommendation:**

[Quizizz](https://www.quizizz.com) Students can use Quizizz and play games for all core subject areas. It tests skill and knowledge in a fun way.

<https://www.khanacademy.org/lohp/learner> Khan Academy is a free online learning platform that offers high-quality lessons and practice exercises in subjects like math, science, and history.

### **5<sup>th</sup> /Mr. Dechosa's Recommendation:**

[Quizizz](#) Students can use Quizizz and play games for all core subject areas. It tests skill and knowledge in a fun way.

<https://www.khanacademy.org/lohp/learner> Khan Academy is a free online learning platform that offers high-quality lessons and practice exercises in subjects like math, science, and history.

**6<sup>th</sup> /Mrs. Greenwood's Recommendation:**

[Quizizz](#) Students can use Quizizz and play games for all core subject areas. It tests skill and knowledge in a fun way.

**7<sup>th</sup> and 8<sup>th</sup> Language Arts/Mr. Gonzalo's Recommendations:**

7th Grade

<https://www.readworks.org/reading-comprehension-passages-and-question-sets>

8th Grade

<https://www.readworks.org/find-content#!q:Summer%20of%20the%20Mariposas/>

**Middle School Math & Science /Mr. Joseph's Recommendation:**

Khan Academy <https://www.khanacademy.org/> This site learning lessons (videos) and practice for many subjects (reading, math, science, social studies, and test prep).

**Special Education/ Mrs. Tubiano's Recommendation:**

Youtube channel on phonics and basic math
